Request under the Official Information Act 1982

Thank you for your emails of 27 August 2025, requesting information from the following seven Te Pūkenga – New Zealand Institute of Skills and Technology business divisions who are listed on the Teaching Council of Aotearoa webpage, you referenced, titled: *Approved ITE Programmes leading to Teacher Registration*:

- Eastern Institute of Technology | Te Pūkenga
- Manukau Institute of Technology | Te Pūkenga
- Open Polytechnic | Te Pūkenga
- Toi Ohomai | Te Pūkenga
- UCOL | Te Pūkenga
- Unitec Institute of Technology | Te Pūkenga
- Waikato Institute of Technology (Wintec) | Te Pūkenga

You amended your request on 3 September and asked for the following information:

- *Completion rate of all approved ITE programme qualifications for the last 10 years, the no. of students enrolled in the course and the no. of students who completed the qualification, separated by whether they were domestic or international students.*
- *Does Te Pūkenga or any of the organisations that provide ITE programmes track alumni job offers? If so, how many of the alumni of the ITE programmes received permanent full-time job offers?*

Due to your amendment, with reliance on section 15(1AA) of the Official information Act 1982 (OIA), the timeframe for making a decision on your request was reset, as 20 working days from 3 September. On 25 September we wrote to you advising of an extension to the timeframe for making a decision on your request to 30 October.

This letter provides a formal decision on your request under the OIA.

The decision

Te Pūkenga was established in April of 2020, therefore we were able to collate national level data for years 2020-2024 regarding the approved initial teacher education (ITE) qualifications listed on the website you referred to. The following details are provided for domestic and international ākonga (learners) for 2020-2024 by business division, ITE qualification, and calendar/reporting year, at Appendices One and Two respectively:

- Learners – the distinct number of ākonga enrolled in a qualification at any time during the reporting year.
- Completed – the distinct number of ākonga who completed their qualification in a reporting year. Noting not all ākonga reported as enrolled in an enrolment year are expected to complete in that same year.
- Rate (2020-2024) – cohort-based qualification completion rate is an educational performance indicator¹ developed by the Tertiary Education Commission (TEC). It is calculated using TEC's methodology² as a percentage of ākonga who completed their qualification on-time. For qualifications level 7 degree and above the timeframe is 6 years, meaning ākonga who first enrolled in 2021 will be included in 2026 reporting year. As such, there will be some reporting years with completions but no completion rate, and vice versa.

Historic information from 2015-2019 was extracted and collated from each of the business divisions who ran programmes during that time, using similar methodology as that outlined above.

For any future queries, given the disestablishment of Te Pūkenga, if you are unable to find information through the Education Counts website (www.educationcounts.govt.nz/home), you may wish to request information directly from TEC.

None of our business divisions formally track and record alumni job offers, nor how many graduates receive permanent full-time job offers.

You have the right to make a complaint to the Ombudsman under section 28(3) of the OIA if you are not happy with this response. Information about how to do this is available at www.ombudsman.parliament.nz or by calling 0800 802 602.

We may publish our OIA responses and the information contained in our reply to you on our website. Before publishing we will remove any personal or identifiable information.

Ngā mihi

Gus Gilmore
Tumuaki | Chief Executive
